flock safety

Company Overview

At Flock Safety, technology unites law enforcement and the communities they serve to eliminate crime and shape a safer future, together. We created the first public safety operating system to enable neighborhoods, schools, businesses, and law enforcement to work together to collect visual, audio, and situational evidence across an entire city to solve and prevent crime.

Our connected platform, comprised of License Plate Recognition (LPR), live video, audio detection, and a suite of integrations (AVL, CAD & more), alerts law enforcement when an incident occurs and turns unbiased data into objective answers that increase case clearance, maximize resources, and reduce crime -- all without compromising transparency or human privacy.

Join thousands of agencies reducing crime with Flock Safety’s public safety operating system

2000+	120	1B+	<60%*
communities with private-public partnerships	incident alerts / minute	1B+ vehicles detected / month	<60% local crime reduction in Flock cities

*According to a 2019 study conducted by Cobb County Police Department

Introduction

Layer Intelligence to Solve More Crime

The pathway to a safer future looks different for every community. As such, this proposal presents a combination of products that specifically addresses your public safety needs, geographical layout, sworn officer count, and budget. These components make up your custom public safety operating system, a connected device network and software platform designed to transform real-time data into a panoramic view of your jurisdiction and help you zero in on the leads that solve more cases, prevent future crimes, and foster trust in the communities you serve.

Software Platform

Flock Safety's out-of-box software platform collects and makes sense of visual, audio, and situational evidence across your entire network of devices.

Out-of-Box Software Features	
Simplified Search	Get a complete view of all activity tied to one vehicle in your network of privately and publicly owned cameras. The user-friendly search experience allows officers to filter hours of footage in seconds based on time, location, and detailed vehicle criteria using patented Vehicle Fingerprint™ technology. Search filters include: • Vehicle make • Body type • Color • License plates ○ Partial tags ○ Missing tags ○ Temporary tags ○ State recognition • Decals • Bumper stickers • Back racks • Top racks
National and Local Sharing	Access 1B+ additional plate reads each month without purchasing more cameras. Solve cross-jurisdiction crimes by opting into Flock Safety's sharing networks, including one-to-one, national, and statewide search networks. Users can also receive alerts from several external LPR databases: <i>California SVS</i> <i>FDLE</i> <i>FL Expired Licenses</i> <i>FL Expired Tags</i> <i>FL Sanctioned Drivers</i> <i>FL Sex Offenders</i> <i>Georgia DOR</i> <i>IL SOS</i> <i>Illinois Leads</i> <i>NCIC</i> <i>NCMEC Amber Alert</i> <i>REJIS</i> <i>CCIC</i> <i>FBI</i>
Real-time Alerts	Receive SMS, email, and in-app notifications for custom Hot Lists, NCIC wanted lists, AMBER alerts, Silver alerts, Vehicle Fingerprint matches, and more.
Interactive ESRI Map	View your AVL, CAD, traffic, and LPR alerts alongside live on-scene video from a single interactive map for a birdseye view of activity in your jurisdiction.
Vehicle Location Analysis	Visualize sequential Hot List alerts and the direction of travel to guide officers to find suspect vehicles faster.

Out-of-Box Software Features (Continued)	
Transparency Portal	Establish community trust with a public-facing dashboard that shares policies, usage, and public safety outcomes related to your policing technology.
Insights Dashboard	Access at-a-glance reporting to easily prove ROI, discover crime and traffic patterns and prioritize changes to your public safety strategy by using data to determine the most significant impact.
Native MDT Application	Download FlockOS to your MDTs to ensure officers never miss a Hot List alert while out on patrol.
Hot List Attachments	Attach relevant information to Custom Hot List alerts. Give simple, digestible context to Dispatchers and Patrol Officers responding to Hot List alerts so they can act confidently and drive better outcomes. When you create a custom Hot List Alert, add case notes, photos, reports, and other relevant case information.
Single Sign On (SSO)	Increase your login speed and information security with Okta or Azure Single Sign On (SSO). Quickly access critical information you need to do your job by eliminating the need for password resets and steps in the log-in process.

License Plate Recognition

The Flock Safety Falcon® LPR camera uses Vehicle Fingerprint™ technology to transform hours of footage into actionable evidence, even when a license plate isn't visible, and sends Hot List alerts to law enforcement users when a suspect vehicle is detected. The Falcon has fixed and location-flexible deployment options with 30% more accurate reads than leading LPR.*

*Results from the 2019 side-by-side comparison test conducted by LA County Sheriff's Department

Flock Safety Falcon® LPR Camera	Flock Safety Falcon® Flex	Flock Safety Falcon® LR
Fixed, infrastructure-free LPR camera designed for permanent placement. √ 1 Standard LPR Camera √ Unlimited LTE data service + Flock OS platform licenses √ 1 DOT breakaway pole √ Dual solar panels √ Permitting, installation, and ongoing maintenance	Location-flexible LPR camera designed for fast, easy self-installation, which is ideal for your ever-changing investigative needs. √ 1 LPR Camera √ Unlimited LTE data service + software licenses √ 1 portable mount with varying-sized band clamps √ 1 Charger for internal battery √ 1 hardshell carrying case	Long-range, high-speed LPR camera that captures license plates and Vehicle Fingerprint data for increasing investigative leads on high-volume roadways like highways and interstates. √ 1 Long-Range LPR Camera √ Computing device in protective poly case √ AC Power √ Permitting, installation, and ongoing maintenance

Your Flock Safety Team

Flock Safety is more than a technology vendor; we are a partner in your mission to build a safer future. We work with thousands of law enforcement agencies across the US to build stronger, safer communities that celebrate the hard work of those who serve and protect. We don't disappear after contracts are signed; we pride ourselves on becoming an extension of your hard-working team as part of our subscription service.

Implementation	Meet with a Solutions Consultant (former LEO) to build a deployment plan based on your needs. Our Permitting Team and Installation Technicians will work to get your device network approved, installed, and activated.
User Training + Support	Your designated Customer Success Manager will help train your power users and ensure you maximize the platform, while our customer support team will assist with needs as they arise.
Maintenance	We proactively monitor the health of your device network. If we detect that a device is offline, a full-time technician will service your device for no extra charge. <i>Note: Ongoing maintenance does not apply to Falcon Flex devices.</i>
Public Relations	Government Affairs Get support educating your stakeholders, including city councils and other governing bodies. Media Relations Share crimes solved in the local media with the help of our Public Relations team.
