

GULFPORT FLOCK USERS / ADMIN - READABLE SUMMARY

Source export dated August 18, 2026

Source note: This PDF is a readability aid derived from the original Users/Admin CSV export. The original CSV should be published alongside this PDF and remains the controlling source record.

The export contains **2** active user records. The table below reproduces the principal role, status, permission, and last-login fields.

First Name	Last Name	Title	Role	Status	Identity Provider	User Mgmt	Search	Hotlist Tool	Last Login
Mary	Farrand	Chief of police	Admin	Active	Flock	Enabled	Enabled	Enabled	8/23/2026
Thomas	Woodman	Captain	Admin	Active	Flock	Enabled	Enabled	Enabled	8/26/2026

The original CSV also contains User ID, email, phone, and Role ID fields. Those technical/contact fields are preserved in the original CSV download but are not repeated in this summary.
